

LIVING THE DREAM

We know that God makes all things work together for the good of those who love Him and are chosen to be a part of His plan.

JOSEPH LEADS WELL

Week 6

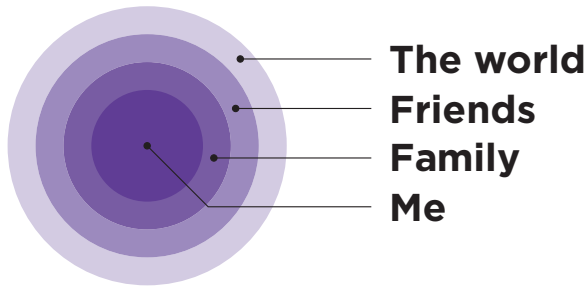

BLESSED TO BE A BLESSING

Imagine after 13 years of being either a slave or in prison you now find yourself living in a palace with servants at your command. It would have been easy for all this power to go to Joseph's head and make him proud. But this does not happen. Instead Joseph uses all his talents to bless those around him. As the food ran out people started to come to Egypt to be fed and Egypt blessed them in turn by providing food. The land of Egypt became very rich.

Joseph was generous with his gifts and in return God blessed him even more.

My Circles of Influence

Try to fill out the table below. Pick 3 gifts you think God has given to you, then write down how you could use this gift to bless others. Finally think about who is in your circles of influence who you could bless.

MY GIFT	HOW IT CAN BLESS OTHERS	WHO I CAN BLESS

Prayer

Thank you God that you have planned that I have a blessed life. I know that you have blessed me so that I can then bless others. Help me to look for opportunities where I can bless other people by using the gifts I have. Amen
