

WHAT WOULD YOU PUT IN YOUR ARK?

The People of Israel carried the Ark of the Covenant with them as they travelled through the desert and then placed it in the Holy of Holies in the Temple that King Solomon built. In the Ark, they placed that which was of most value to them: the stone tablets on which God had inscribed his Law of Love that guided their lives, the manna which he provided for them in the wilderness and Aarons rod.

Think about what you value most. In the spaces below, list what you value most in life that you want to "carry" with you wherever you go. Or you could draw a picture of the items inside the Ark.
